

## AgilePM® Foundation & Practitioner

Adopt a practical and repeatable methodology that achieves an ideal balance between the standards, rigour and visibility required for good project management, and the fast-pace, change and empowerment provided by Agile. The course is delivered by Scrum-Q Training and follows the APMG International DSDM Agile Project Framework. Successful completion of the Foundation & Practitioner examinations leads to certification as Registered AgilePM® Practitioner.

Our AgilePM Foundation & Practitioner course is 5 days in length. This gives the tutor time to explore with candidates some of their own workplace challenges and to share their experiences.

### Learning objectives

After this course, delegates will be better able to:

- Establish and lead successful Agile projects using the Agile Project Framework (formerly DSDM Atern)
- Use practical and repeatable practices for project managers in an Agile environment
- Apply Agile techniques, such as modelling, prioritising, timeboxing, user stories, and estimating
- Manage, define, and deliver a solution acceptable to the business needs
- Sit the AgilePM Foundation and Practitioner certification exams

### Course style

The course format is instructor led within a classroom environment. This course is not to teach people how to be project managers but to enable them to demonstrate skills to develop solutions incrementally, and is intended for delegates with prior project experience.

### Exams

The Foundation and Practitioner exams will be administered during class.

- Foundation exam: 40 minutes, 50 multiple-choice questions, passing score is 50%, closed book
- Practitioner exam: 2.5 hours, 4 objective questions (20 possible points per question), passing score is 50%, open book (AgilePM® Handbook)

### Further information

For prices on public or in-house events, more information or to discuss the most appropriate Provek learning format to suit your needs, please contact Erica Gassor on 01635 524610 or [erica.gassor@provek.co.uk](mailto:erica.gassor@provek.co.uk) or visit our website at: [www.provek.co.uk](http://www.provek.co.uk)
